## LUMINARY

Let's feel the thrill of new beginnings.

Prepare to be amazed by intense hues,  
smooth corners and rounded shapes.

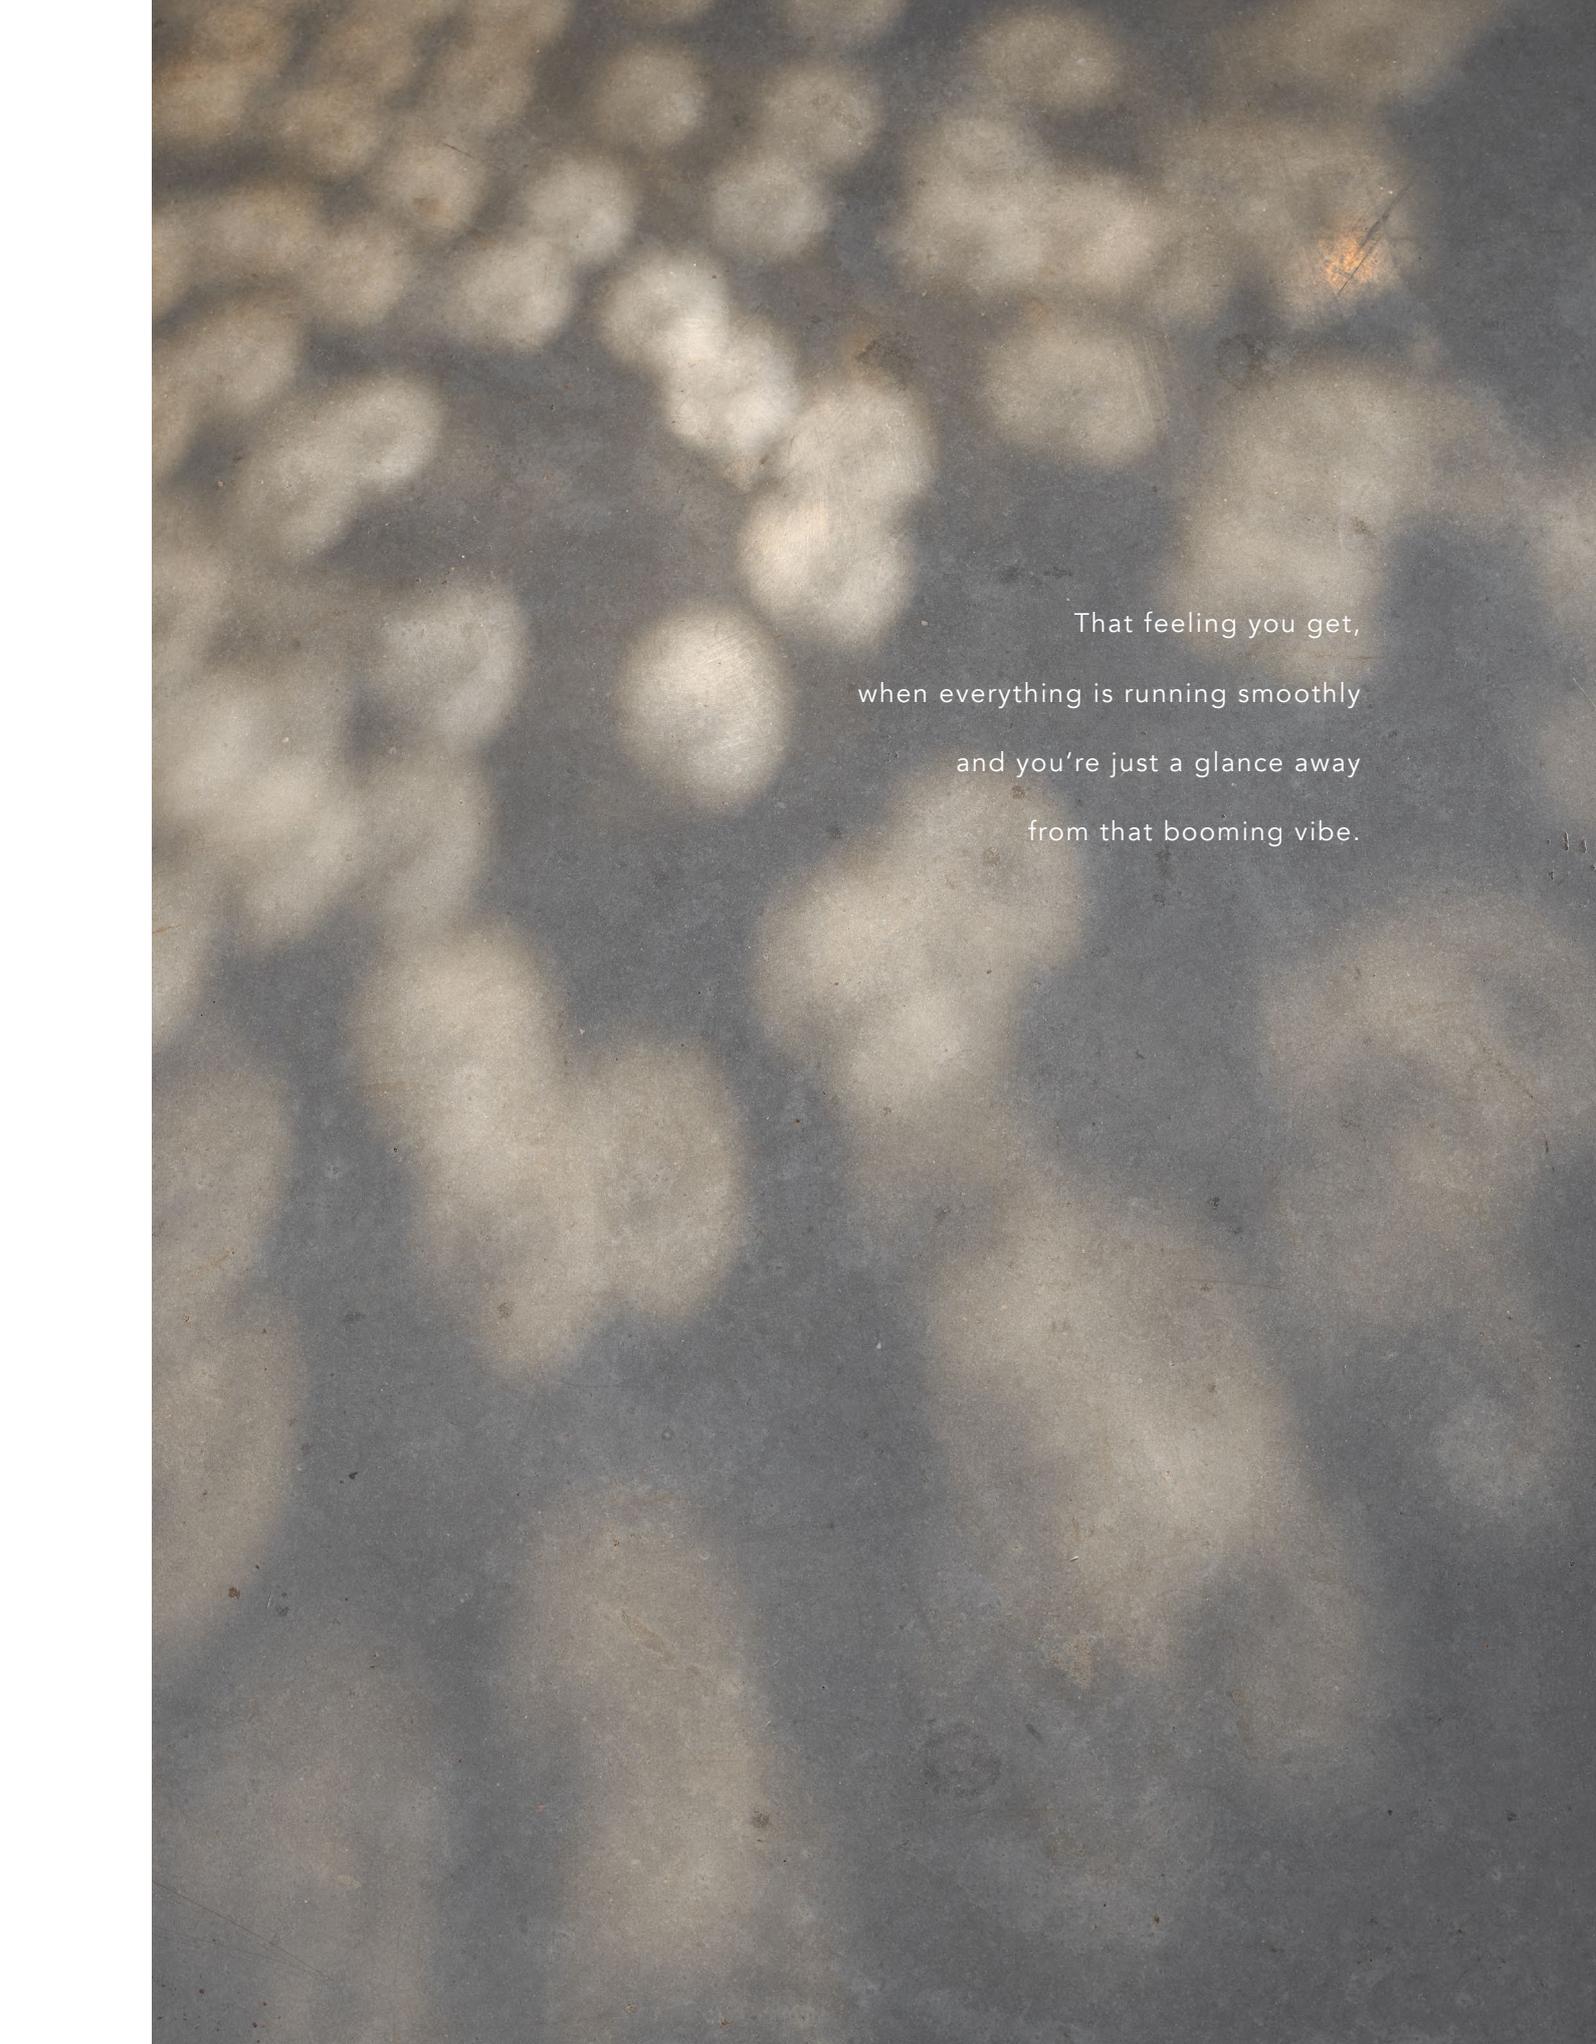

These bold designs are ready to enhance your bliss  
and colour your dreams.

BOLA

That feeling you get,  
when everything is running smoothly  
and you're just a glance away  
from that booming vibe.

TULO

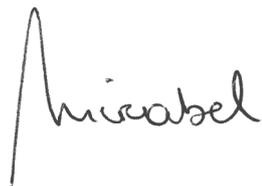

I believe happiness lies in the details.

One subtle touch that makes the difference  
between fine and masterly.

That is what we aim for.

Time and again.

Fulfilling every individual need.

A handwritten signature in black ink that reads "Mirabel". The signature is written in a cursive style with a large, prominent initial 'M'.

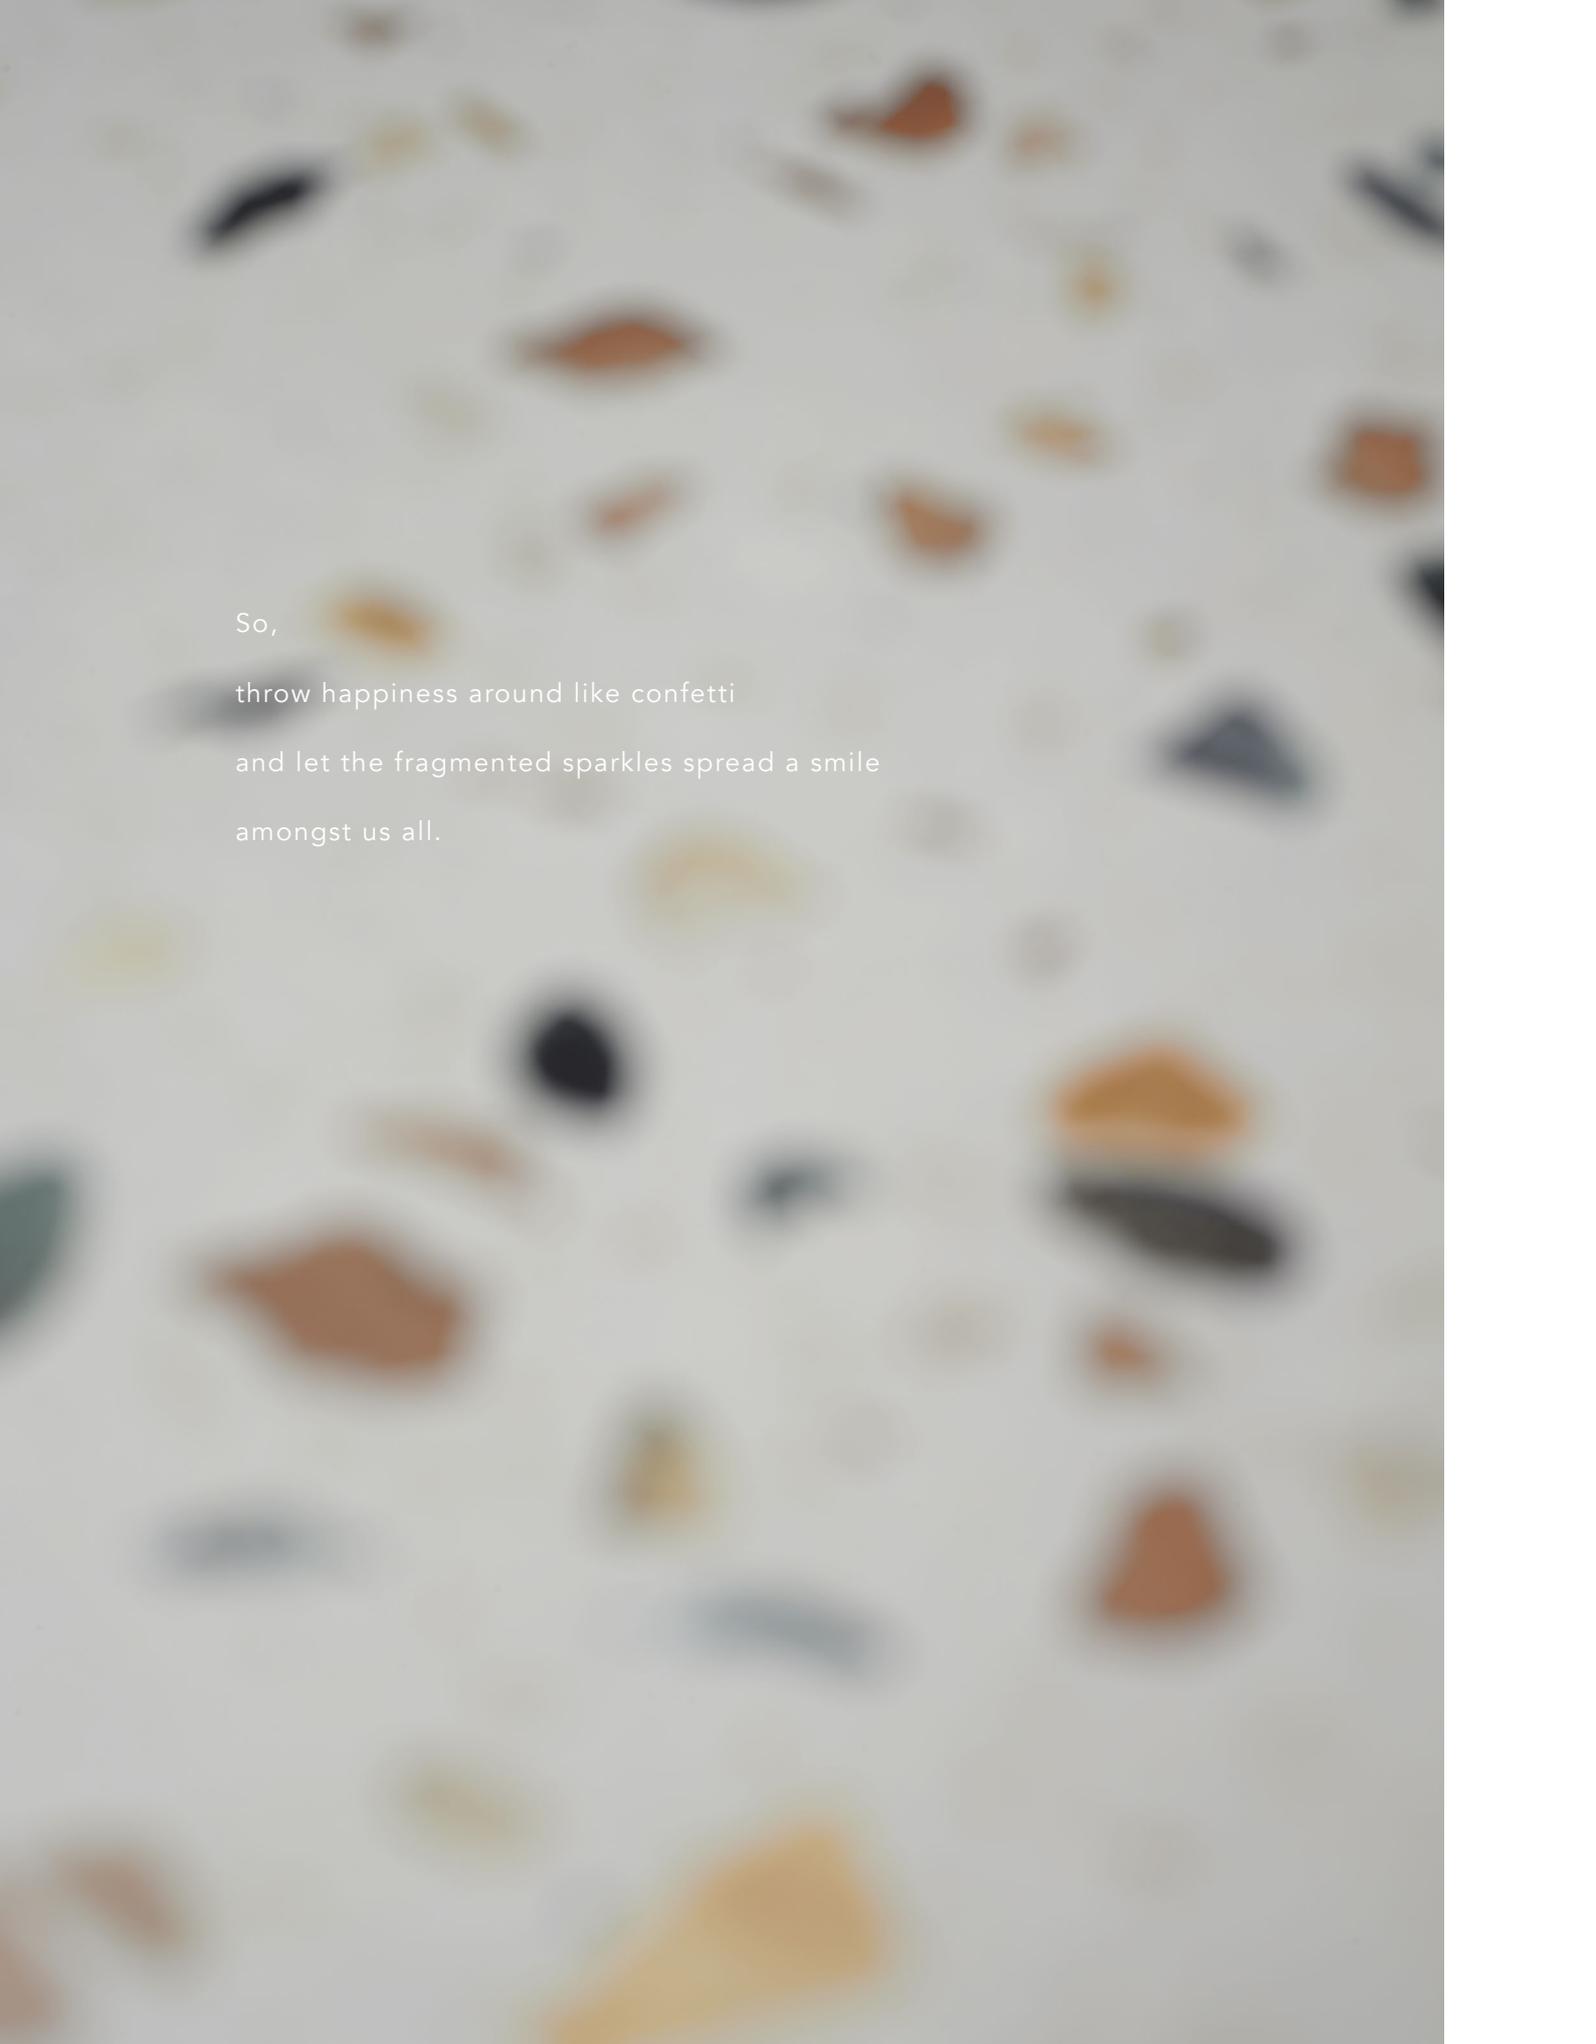

TIRASO

TIRASO

So,  
throw happiness around like confetti  
and let the fragmented sparkles spread a smile
